BEFORE THE ENVIRONMENTAL QUALITY COUNCIL STATE OF WYOMING

IN RE WATER QUALITY RULEMAKING)	
CHAPTER 15 AND 25)	DOCKET 15-3101
)	

ORDER

On June 5, 2015 the Council received a request from Lorie Cahn to extend the time for public comment in the above entitled matter for the following reasons.

- 1. None of the links to the documents in the docket on the EQC website work on my iMac using standard browsers Safari and Chrome. The table of documents is cut off in the middle of the column after "Document Type", there is no ability to scroll over to other columns, and there are no active links. This means it is no possible to access the documents for members of the public who use these browsers. It is already a month into the public comment period. When I checked today, the page had been visited over 120 times.
- 2. None of the links to the Wyoming Water and Waste Advisory Board meeting minutes and transcripts work either. A link to the July 25, 2014 is missing.
- 3. I submitted a records request on May 18, 2015 to DEQ pertinent to this docket and have not received any of the requested information or heard when the records will be made available.

WHEREFORE, the Council shall hold a teleconference hearing on June 17, 2015 at 1:30 p.m. to consider the request.

IT IS THEREFORE ORDERED:

Ms. Cahn and a representative from DEQ shall appear before the Council on June 17, 2015 at 1:30 p.m. to present argument regarding Ms. Cahn's request.

Ms. Cahn shall provide to the Council a phone number no later than June 17, 2015 at 10:00 a.m. where she will be available to be contacted to participate.

The DEQ shall provide to the Council a phone number no later than June 15, 2015 at 10:00 a.m. where they will be available to be contacted to participate.

The Parties may appear in person at the Council offices to participate in the hearing.

DATED this 8th day of June, 2015.
