---

Dear Mr. Kyle J. WendtLand:

We would like clarification of a letter dated April 24, 2018 in which you stated that WDEQ-LQD Mining Permit 267C – Wyoming State Mineral Lease 42804 – TFN #6 1/197) was determined to be complete on June 28, 2016. Does this mean that the permit is technically adequate? If this permit is not "technically adequate" how can you allow mining to occur?

Sincerely,  
Ronald J. Ericsson, PhD

**Scott A. Ericsson, PhD**
