

To:

Mr. David Bagley, Chair of the Wyoming Environmental Quality Council (EQC)

Date: June 5, 2015

Subject: Request for Extension of Public Comment Period

I would like to request an extension to the public comment period for the EQC hearing on Water Quality Rules and Regulations Chapters 15 and 25 scheduled for July 8, 2015 (Docket 15-3101) for the following reasons:

1. None of the links to the documents in the docket on the EQC website work on my iMac using standard browsers Safari and Chrome. The table of documents is cut off in the middle of the column after "Document Type", there is no ability to scroll over to other columns, and there are no active links. This means it is no possible to access the documents for members of the public who use these browsers. It is already a month into the public comment period. When I checked today, the page had been visited over 120 times.
2. None of the links to the Wyoming Water and Waste Advisory Board meeting minutes and transcripts work either. A link to the July 25, 2014 is missing.
3. I submitted a records request on May 18, 2015 to DEQ pertinent to this docket and have not received any of the requested information or heard when the records will be made available.

For these reasons, I request that the public comment period be extended.

Thank you for your prompt consideration of this matter.

Sincerely,

Lorie Cahn
