To whom it may concern:

I am writing in regard to Kerr-McGee Coal Corporation applying for a permit for Jacobs Ranch Mine under the permanent state mining program. If it interferes with the right of whoever may have a lease on my mineral rights or my right to ingress or egress. If it might hinder drilling progress or mining of other minerals on E $\frac{1}{2}$ Section 10, Township 43 North, Range 70 West, 6th P.M. (I share ownership of all mineral rights except coal on this $\frac{1}{2}$ section), I object to Kerr-McGee obtaining a permanent permit. If it will not cause any problems for me or whoever may have a lease on my mineral rights, I will not cause further objection.

Yours truly,
