**Re: RST Sand and Gravel/Application for Small Mining Permit, Teton County,  
Wyoming**

To Whom It May Concern:

Holland & Hart LLP represents the Board of Directors of the Melody Ranch Homeowners Association (the "Board"). Melody Ranch is a residential development which is adjacent to the gravel operation being proposed by RST Sand and Gravel.

We have reviewed the above mentioned application. The Board is concerned that the gravel operation could have a negative impact on the residents of Melody Ranch. Therefore, the Board requests that the gravel operation be limited to Monday through Friday from 9:00 am to 5:00 p.m. The Board also requests that the procedures proposed in the application to mitigate other operational impacts, such as dust suppression, no lighting, no blasting, limiting vehicle speeds to 30 MPH, minimizing impacts to birds and wildlife, and measures to minimize the spread of noxious weeds, all be imposed on RST Sand and Gravel as conditions of approval of their mining permit.

The Board appreciates your attention to this matter. Please do not hesitate to contact me if you have any questions. Thank you.

Sincerely,

A handwritten signature in black ink that reads "Paula Fleck".
