ATTORNEYS FOR PERMIT APPLICANT
BROOK MINING COMPANY, LLC

**BEFORE THE ENVIRONMENTAL QUALITY COUNCIL
STATE OF WYOMING**

IN RE BROOK MINE APPLICATION)
) Civil Action No. 17-4801
TFN 6 2-025)

BROOK MINING COMPANY, LLC'S DESIGNATION OF EXPERT WITNESSES

Pursuant to the Environmental Quality Council's Amended Order entered in this matter,
Brook Mining Company, LLC (Brook Mining) hereby names the following expert witness:

Jeff Barron, P.E.
WWC Engineering
1849 Terra Avenue
Sheridan, WY 82801

It is anticipated that Mr. Barron will primarily be Brook Mining's fact witness and will testify regarding his experience relating to mine plans, reclamation plans, the mine permit process, and preparation and coordination of submitting the mine permit application at issue in this matter. Although Brook currently expects to present Mr. Barron solely as a fact witness based on his first-hand involvement with the subject mine permit application, Mr. Barron is qualified as a technical expert in the mine permitting area. In the event Brook is required to present expert testimony regarding the mine permit application process or the technical

components of the mine plan and the reclamation plan, Mr. Barron is qualified to provide such testimony and may be called as an expert witness. Mr. Barron has worked with various mines in filing several components of mine permits, currently on file with Wyoming Department of Environmental Quality. Mr. Barron has assisted with non-substantial revisions and major revisions alike. Given Mr. Barron's education and experience, he may also be asked to provide expert opinions relating to the topics of ground water and surface water, as well as geotechnical engineering.

DATED: February 6, 2017.
