

Brook acknowledges that Big Horn Coal Company and the Powder River Basin Resource Council have also filed petitions for contested case hearings relating to their permit application objections. Although this Council has not yet consolidated those petitions with the Fishers' Petition for a contested case, Brook requests that the scheduling conference include all objectors who have requested a contested case. Even before a formal decision on consolidation is reached, holding a consolidated scheduling conference will allow the parties and the Council to establish a schedule for a single hearing on an expedited basis.
