Katie,

Due to the size of the .dwg file, I have sent it as a zip file from our ftp site to you. You should receive an email with a link that will direct you to the file for download. You can also go to our webpage and click on the ftp site tab and enter the following:

Claim ID: YbHrojzqd6c4wmsr  
Claim Passcode: uvnmgFmSmQtJ9aqn

Niles,  
If we could get a landowner map that would be great.

Thank you for the information.

The clearances we have for baseline accesses are:

Padlock Ranch  
Sean Carroll  
Leroy Taylor (Taylor Ranch) and

1

CONFIDENTIAL AND PROPRIETARY

Brook 041660

Ambre, Layas.

Apparently, one of the proposed permit concept draft evolved into a boundary/scope of work map. After you call last week, I ran this down and noted the inclusion of "owners" which were not intended to be affected re: Fishers; McCloy's, Blevins, Johnson, Smith, Krumm, Asley and Preston.

I spoke with Jeff Barron of W.W.C. who inherited this draft from another sub-contractor working on Railroad design. I have advised Jeff to have B.K.S. confine their activities to: Laya, Carroll and Taylor in this area.

Do you have or need an ownership map that delineates the boundaries of ownership in this area? I have a map prepared by A.T.C from the county mapping system which I don't trust 100%. The best policy is to approach the residents and ask about the recognized ownership/boundaries.

Along Tongue River, there is an abundance of "convenience" fencing which furthermore complicates who is in control of certain parcels by lease, exchange of use, etc.

Niles

Niles,

We wanted to make you aware of a letter we received from David and Mary Fisher regarding us being on their property last week for vegetation sampling.

Please let me know if you have any comments or suggestions.  
Thanks.
