

Wyoming Environmental Quality Council

The Wyoming Environmental Quality Council (EQC) will consider proposed revisions to Wyoming Department of Environmental Quality (WDEQ) Water Quality Division (WQD) Water Quality Rules and Regulations at a public hearing to be held on February 21, 2018 at the Herschler Building, Room 1699, 122 W 25<sup>th</sup> St, Cheyenne, Wyoming, commencing at 10:00 a.m. (MST).

The WQD, pursuant to the authority vested in it by the Environmental Quality Act, Wyoming Statute (W.S.) § 35-11-302, proposes to revise Water Quality Rules and Regulations Chapter 5, Operator Certification, clarifying requirements concerning operator availability; by adding certification levels for simple water and wastewater treatment facilities; by specifying designation of substitute responsible charge operators; by removing designation grace periods for systems that terminate responsible charge operators; by adding continuing education requirements for state and/or federal rule training; and by correcting redundancies, grammar, and formatting errors. The revised rules meet minimum substantive state statutory requirements in accordance with W.S. § 16-3-103(a)(i)(G). The Department has evaluated the revised rules in accordance with W.S. § 9-5-304, and interested persons may inspect a copy of that evaluation and the proposed rule package at the following address: Department of Environmental Quality, Water Quality Division, 200 W 17<sup>th</sup> Street, Cheyenne, Wyoming. Electronic copies are available at the EQC website identified below. Questions and requests for copies of the proposed rules may be directed to William Tillman, Water Quality Division, at (307) 777-6941 (phone) or [william.tillman@wyo.gov](mailto:william.tillman@wyo.gov) (email).

The EQC will consider the proposed rules, written and electronically filed comments, and WDEQ's Analysis of Comments, along with any modifications proposed by the WDEQ to the draft rules. At the public hearing, statements that focus on previously received comments, the WDEQ's Analysis of Comments, and issues raised by the analysis will be accepted. The EQC will determine if the record will remain open beyond the close of the scheduled hearing. The EQC may, however, close the record and make a final decision regarding the rules at the conclusion of the hearing.

Comments on the proposed revisions may be submitted beginning December 18, 2017 and ending at 5:00 p.m. (MST) on February 2, 2018. Written comments should be sent to the Wyoming Department of Environmental Quality, 200 W 17<sup>th</sup> St, Cheyenne, Wyoming, 82002 or faxed to (307) 635-1784. Electronic comments may only be submitted through and accepted by the WDEQ comment portal provided at <http://wq.wyomingdeq.commentinput.com/>. The WDEQ will file an analysis of comments with the EQC prior to the February 21, 2018 public hearing. The proposed rules, comments submitted, and the analysis of comments will be posted on the Council's website at <https://eqc.wyo.gov/Public/Dockets.aspx> under Docket #17-3103.

Any person wishing to use a digital presentation during their testimony before the EQC must provide a digital copy to the EQC no less than three (3) days prior to the hearing unless they contact the EQC and request an extension for good cause. Failure to submit a timely digital copy will result in the person not being allowed to use the presentation during their testimony.
