Cheyenne, Wyoming 82002

Dear Sir,

We at the Richardson residence's on Cherokee Road in Rawlins, Wy. are very much against a mining permit applied for by McMurry Ready Mix Co. of Casper Wy.

Section 14, Township 21, Range 88, Carbon County Wyoming. The WYUTE PIT is approximately 1 1/4 miles west of Rawlins and 1/2 mile north of Interstate 80.

We are very concerned about our Water Wells if this permit is issued. What do we do if we loose our water due to the mining???

The dust for the last year (up until a month ago when they shut down from the crushing) has been terrible. Also the bright lights all night long.

There are so many other places the McMurry Ready Mix Co. can crush gravel besides so close to homes.

Sincerely,

Judy M. Richardson
Dale D. Richardson
Arno D. Richardson
