DATE: June 26, 2019

PRIORITY: HIGH – Deadline for response is July 8, 2019

SUBJECT: Request for Review of Proposed Rules for Statutory Authority (R-32)

The Department of Environmental Quality, Air Quality Division (Division) – on behalf of the Department – is proposing to revise Chapter 5, National Emission Standards, of the Wyoming Air Quality Standards and Regulations (WAQSR). Chapter 5, Section 3 is being updated to incorporate 40 CFR part 63, Subpart XXXXXX - National Emission Standards for Hazardous Air Pollutants Area Standards for Nine Metal Fabrication and Finishing Source Categories.

This rulemaking was reviewed by the Air Quality Advisory Board (AQAB) on April 15, 2019, and the Board recommended that the rules proceed to formal rulemaking before the Environmental Quality Council (EQC).

The Division did not receive written comments during the public process.

The Division has reviewed the requirements of section 35-11-202(a) and (b) of the Wyoming Environmental Quality Act and determined this rulemaking to be in procedural compliance with the statute. Finally, the Division has reviewed and responded to the Takings Guidelines and Checklist provided by the Attorney General's Office. The Division is now seeking a review of the proposed rules for statutory authority prior to submitting the rules to the Governor's Office for permission to proceed to formal rulemaking.

Attached, you will find a copy of the draft Notice of Agency Rulemaking, draft Statement of Principal Reasons for Adoption, copies of Chapter 5 in strike and underline format, and responses to the Attorney General's Takings Checklist. If you have any questions, or need additional information regarding the proposed rules, please do not hesitate to contact me at 307-777-7391 or Amber Potts at 307-777-2489.

Attorney General's Response Options:

Proposed rules are within the Division's statutory authority, may seek permission to proceed from the Governor's Office.
