

Tracking List of Federal Rules that are Incorporated by Reference in the Wyoming Air Quality Standards and Regulations – 12/11/18

Chapter 2 – There have been NO changes to the Federal Rules, Wyoming is simply incorporating the most recent printing of the Code of Federal Regulations (CFR) document. (Page 2-7)

Chapter 3 – Section 6. The definition of “volatile organic compounds” (VOCs) was updated to exclude **cis-1,1,1,4,4,4-hexafluorobut-2-ene (HFO-1336mzz-Z)** Used in polyurethane insulation foams and refrigerants; a petition of reconsideration was filed on basis that the compound has a negligible impact on tropospheric ozone formation. As such, EPA proposed to add it to the list of compounds excluded from the regulatory definition of VOC. (Page 3-47)

Chapter 4 - There have been NO changes to the Federal Rules, Wyoming is simply incorporating the most recent printing of the Code of Federal Regulations (CFR) document. (Page 4-19)

Chapter 5 – Section 2. 40 CFR part 60, Subpart J *Standards for Performance of Petroleum Refineries* and 40 CFR part 60 Subpart Ja *Standards of Performance for Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced after May 14, 2007*. This change to the Federal Rule clarified requirements of these rules; the change made technical corrections and minor revisions to requirements for work practice standards, recordkeeping, and reporting.

-Pertained to revised definitions for “Flaring Purge Gas” and “Flaring Supplemental Gas”, Pressure Relief Devices, Reference Control Technology for Storage Vessels, Maintenance Vents, Fenceline Monitoring, and Flare Control Devices.

Section 3. 40 CFR part 63, Subpart CC *National Emission Standards for Hazardous Air Pollutants From Petroleum Refineries* and 40 CFR part 63, Subpart UUU *National Emission Standards for Hazardous Air Pollutants for Petroleum Refineries: Catalytic Cracking Units, Catalytic Reforming Units, and Sulfur Recovery Units*. This change to the Federal Rule clarified requirements of these rules; the change made technical corrections and minor revisions to requirements for work practice standards, recordkeeping, and reporting.

-Pertained to revised definitions for “Flaring Purge Gas” and “Flaring Supplemental Gas”, Pressure Relief Devices, Reference Control Technology for Storage Vessels, Maintenance Vents, Fenceline Monitoring, and Flare Control Devices.
