SUMMARY: Notice of Agency Rulemaking

The Department of Environmental Quality, Land Quality Division (LQD) is proposing to amend Noncoal Chapter 5, Exploration by Dozing. The proposed revisions are intended to delineate between two types of exploration operations, those that are very small and regular exploration operations. Specific information on the proposed revisions can be found in the Statement of Reasons for Noncoal Chapter 5.

The proposed rules were presented to the LQD Advisory Board on June 25, 2020 and October 7, 2020. The Advisory Board recommended the rules proceed to the Environmental Quality Council for formal rulemaking. The proposed rules are not expected to be controversial.
