Chad -

Public notice notifications are no longer sent out via certified mail. However, WDEQ does keep a log of all mail that bounces back to us, and the letter we sent to Vaquero BigHorn regarding the July 2021 PN has not bounced back to us.

Thanks for the clarification, Kathy. Could you please send me a copy of the certified mail receipt for the public notice that was mailed to us? Also, would you be available for a follow-up call with the same group this week?

Sincerely,

Chad Walker
