

# Department of Environmental Quality

*To protect, conserve and enhance the quality of Wyoming's environment for the benefit of current and future generations.*

Mark Gordon, Governor

Todd Parfitt, Director

**To:** John Corra, Chairman, Environmental Quality Council

**From:** Todd Parfitt, Director, Department of Environmental Quality *[Signature]*

**Date:** December 8, 2021

**Subject:** Hearing Request for Wyoming Hazardous Waste Rules, Chapter 1, General Provisions, IBR Update 2, Reopened Public Notice

The Department of Environmental Quality, Solid and Hazardous Waste Division (SHWD) is requesting a hearing following the reopening of the public notice for the proposed revisions to the Hazardous Waste Rules Chapter 1, General Provisions, IBR, Update 2. SHWD is requesting the Environmental Quality Council review the proposal and consider adoption of these rules, previously considered and approved at the November 16, 2021 EQC hearing. This additional hearing allows for a correction in the public notice process.

The following materials supplement the rule package provided at the November 16, 2021 EQC hearing. Enclosed is one hard copy of the supplemental material including:

- Chapter 1, General Provisions, IBR Update 2, strike and underline copy
- Chapter 1, General Provisions, IBR Update 2, clean copy
- Statement of Principal Reasons
- Notice of Intent to Adopt Rules
- Public Notice for EQC hearing
