**ORDER FOR PROPOSED SCHEDULE**

On the 20<sup>th</sup> day of September 2023 the Council required the parties to file a proposed schedule for this matter. That deadline was cancelled due to the filing of a Motion to Intervene by Basecamp and a filing by the Petitioner of a Motion to Suspend. Those two matters have been resolved by the Council. There is currently pending before the Council a Motion to Dismiss filed by the Department of Environmental Quality. With that recap of the proceedings to this point the Council believes that it is timely to impose a deadline for the parties to file a proposed schedule in this matter.

Therefore, the parties shall jointly file a proposed schedule on or before January 30, 2024, that will govern the appeal and final hearing. The proposed schedule should address deadlines for discovery, identification of expert witnesses and summary of testimony, submission of exhibits, filing of dispositive motions and responses, prehearing disclosure statements, prehearing conference date, and the proposed date of the final hearing.

**DATED** this 20th day of December, 2023.
