RE: DKRW – Medicine Bow Fuel & Power (MBFP)  
Permit Application AP-5873

Dear Mr. Rolfes:

The Division of Air Quality has received your revised PSD application for the DKRW – Medicine Bow Fuel & Power (MBFP) Coal to Liquids (CTL) Plant near Medicine Bow, Wyoming. The revised application was received on December 31, 2007, and replaced the previous application in its entirety.

The revised application will be reviewed within thirty (30) days of receipt, and you will be notified as to whether or not the application is complete. If the application is complete, a decision will be made to either approve or disapprove your request within sixty (60) days of the determination that the application is complete. Once the decision to approve your request is made, a thirty (30) day public comment period is required, after such time a permit will be issued. If the decision is made to disapprove your request, you will be so notified and provided with the reason(s) for denial.

If you have any questions, you may contact me at (307) 777-7045.

Sincerely,

Andrew Keyfauver  
NSR Permit Engineer  
Air Quality Division
