RE: Medicine Bow Fuel & Power LLC
Permit Application AP-5873

Dear Mr. Schlichtemeier:

This letter is in response to the Air Quality Division's March 10, 2008 letter which deemed the air permit application complete for Medicine Bow Fuel & Power LLC (MBFP). We understand that within 60 days of March 10, 2008 the Air Quality Division will make a decision on the application.

If the Division issues a draft permit, we are aware that there will be a thirty-day public comment period regarding the draft permit. In that case, we would like to request that the Division schedule a public hearing during the public comment period.

If you have any questions regarding MBFP, please feel free to contact Jude Rolfes, Senior Vice President of Engineering, Construction and Asset Management, at 713- 425-6526 or email at jrolfes@dkrwaf.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Jon C. Doyle".
