

- I Shane Taylor request a hearing before the Environmental Quality Council. In the matter of NOV & Order, Docket#4521-09. In the docket it is stated that I had initiated removal of the tanks, and had them transported to another location. The truth is I sold the tanks to a gentleman who claimed he was legally able to transport the tanks, and that he was to sell them as scrap steel. He purchased and took responsibility for the tanks there for should clear me of the Order letter. If I am incorrect pleas feel free to call me at 307-299-1789.
