

MEMORANDUM

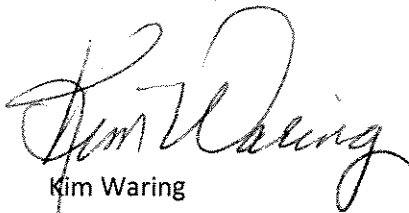

DATE: February 22, 2010
RE: Mullinax Concrete Services Co., Docket No. 09-4602
File Correction

The Council's staff reviewed this case file on February 22, 2010 and found an error in the December 14, 2009 filing of the Petitioner's Response to Motion to Dismiss, 1st page, paragraph 3. The original document of the Supplemental Petition for Review/Request for Hearing was filed with the Response to Motion to Dismiss on December 14, 2009 as "attached with Exhibit A".

The Petitioner did not file a separate document for the Supplemental Petition for Review/Request for Hearing, as stated in the petitioner's Response to Motion to Dismiss, 1st page, paragraph 3.

Therefore, a copy of the Supplemental Petition for Review/Request for Hearing and the exhibits has been placed with the filed Response to Motion to Dismiss as stated.

The original Supplemental Petition for Review/Request for Hearing has been stamped with the originally intended filing date, along with the exhibits, and filed in the case file according to the file Index sheet.
