Salt Lake City, UT 84116

### CERTIFIED -RETURN RECEIPT REQUESTED

RE: PacifiCorp – Jim Bridger Power Plant  
BART Permit Application AP-6040

Dear Mr. Lawson:

The Division of Air Quality has completed its initial review of the referenced Best Available Retrofit Technology (BART) permit application for PacifiCorp to modify operations at the Jim Bridger Power Plant located in Section 3, T20N, R101W, approximately four (4) miles north of Point of Rocks, in Sweetwater County, Wyoming.

The Division finds the application to be complete, and will proceed with a technical review of the application. It should be noted that this does not preclude the Air Quality Division from requesting additional technical information or clarification at a later date, as deemed necessary. You will be provided a copy of the public notice and permit analysis once the Division's proposed BART determination is made. A sixty (60) day public comment period will be held on the Division's proposed BART determination.

If you have any questions, you may contact this office at (307) 777-7340.

Sincerely,

Chad Schlichtemeier  
NSR Program Manager  
Air Quality Division
