

DEPARTMENT OF ENVIRONMENTAL QUALITY  
TODD PARFITT

I AM CONTACTING YOU CONCERNING A PERMIT APPLICATION INVOLVING ANCHOR ENVIRONMENTAL TREATMENT, TRANSFER AND RECYCLE FACILITY, LOCATED WEST OF THE CITY OF MILLS WYOMING.

MY HOUSE IS LOCATED ON THE WEST EDGE OF MILLS AT 5210 WESTSIDE PLACE.

MY CONCERN OF THE ABOVE MENTIONED FACILITY, IS THAT THERE IS NO DRAINAGE SYSTEM IN PLACE BETWEEN THE PROPOSED FACILITY AND THE HOMES TO THE EAST. THERE HAVE BEEN MANY PROBLEMS IN THIS AREA FROM NORMAL STORM RUNOFF, MAKING IT IMPOSSIBLE TO CONTROL CONTAMINATION WHEN IT OCCURS FROM THIS FACILITY.

I BELIEVE A DRAINAGE SYSTEM MUST BE PUT IN PLACE BEFORE ANYTHING ELSE TAKES PLACE.
