Ms. Rowan,

I will have both of the other parties follow up with this information. I do consent to electronic correspondence, for the purpose of these proceedings.

Thank you.

Mr. Quinn,

Thank you for your quick response. Having the other people you mentioned involved in the conference will be fine. Just have them send me their information as well, and we'll get them set-up in the conference.

One more question while I have your attention: Will Wind River Materials consent to electronic correspondence, or do you prefer to have hard copies of all correspondence mailed as well? Correspondence will include orders and documents from EQC as well as other parties in the case.

Thanks,

Tyffanne Rowan
