Andrew and Tyffanne,

We believe that we have reached an agreement with Brian Waitkus. Nancy Vehr will be providing to us a counterproposal by tomorrow noon. We should work through their issues by tomorrow or Wednesday.

With everyone's consent, we propose that all EQC filings coming due tomorrow be postponed until Wednesday at noon. I am assuming that we will reach an agreement tomorrow. If not, the issues remaining do not appear to require experts, rather MCC employees should be able to address any remaining issues.

Phil
