Herschler Building 4-W
122 West 25th Street
Cheyenne, WY 82002

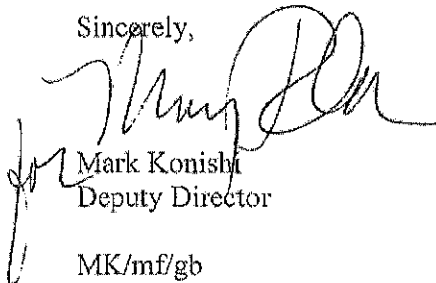

Dear Mr. Edwards:

The staff of the Wyoming Game and Fish Department has reviewed the New Permit Application for a New Solid Waste Management Facility called Anchor Environmental Treatment, Transfer and Recycling Facility submitted by Anchor Environmental in Natrona County. We offer the following comments for your consideration.

We have no specific terrestrial wildlife or aquatic concerns pertaining to the proposed solid waste management facility in T33N R80W Section 2. We would only recommend the waste being processed at this site is tanked or otherwise contained so it is inaccessible to wildlife and does not contaminate the surrounding watershed.

Thank you for the opportunity to comment. If you have any questions or concerns, please contact Heather O'Brien, Casper Wildlife Biologist, at (307) 473-3411.

Sincerely,

Mark Konishi
Deputy Director
