RE: TECHNICAL REVIEW - PUBLIC NOTICE
ANCHOR ENVIRONMENTAL SOIL TREATMENT, TRANSFER, & RECYCLING FACILITY
SHWD FILE #50.022

Dear Patrick:

In accordance with the WDEQ letter dated October 25, 2013, regarding the Technical Review for the referenced project, we are providing documentation that we have compiled with the Public Notice requirements.

- Copy of finalized Public Notice for all mailings and publication in the Casper Star Tribune.
- Public Notice's sent via First Class Mail or Certified Mail
 - Solid Waste Districts, Mayors, and County Commissions within 50 miles of transfer station (see copy of mail label list – 1 page).
 - Property owners within one-half mile of transfer station (see copy of mail label list. List shows address corrections – 9 pages.)
 - Interested parties (see copy of mail label list provided by WDEQ – 7 pages).
 - Proof of mailing: AMBI Mail & Marketing receipt showing 494 public notices mailed on November 7, 2013.
- Affidavit of Publication from the Casper Star Tribune confirming that the Public Notice was published on November 11 & 19, 2013.
- Affidavit of personal deliver of the Permit Applications to Natrona County Library and Natrona County Clerks Office.

Please let us know if there are questions regarding this documentation.

EQC No. 13-5802

PUBLIC NOTICE

In accordance with the provisions of the Wyoming Environmental Quality Act and Chapter 1, Section 1(f) of the Solid Waste Rules and Regulations, Anchor Environmental has submitted a SW Chapter 6 permit application for a new solid waste management facility called the Anchor Environmental Treatment, Transfer and Recycling Facility.

The facility is located in Natrona County just west of the City of Mills, Wyoming. More specifically, this facility is located in Section 2, T33N, R80W 6th PM, Natrona County, Wyoming. The facility provides for the transfer/treatment/recycling of used drilling fluid and sump wastes which have been generated within Wyoming, Colorado, Montana, Idaho, Nebraska, North Dakota and South Dakota. The total volumetric capacity of this facility is estimated to be approximately 84,000 gallons of liquid waste and 8,600 cubic yards of solids.

The Department of Environmental Quality, Solid and Hazardous Waste Division (DEQ) has reviewed the application and determined that it is generally complete and suitable for publication. The DEQ's solid waste rules, in Chapter 1, Section 2 (b)(ii), require that the applicant must provide public notice that a proposed permit has been issued and inform the public that there is an opportunity to file comments on the proposed permit before it is issued in final form. The notice is also required to indicate that the public may file formal written objections to issuance of a final permit. This publication provides notice of those opportunities.

Copies of the permit application, the DEQ's reviews of the application, and the proposed permit can be viewed at DEQ's Casper office (125 N. Durbin, Suite 100), at the Natrona County Public Library (307 East 2nd St, Casper, WY), or the Natrona County Clerk's Office (200 N. Center St, Casper, WY).

Any interested person has the right to either: provide comments on the proposed permit, which DEQ will consider prior to taking final action on the permit application, or file formal written objections to the proposed permit. The period for providing comments, or filing formal written objections to the proposed permit, shall begin on November 11, 2013 and end on December 18, 2013. Any comments or formal written objections must be received by 5:00 PM on the last day of the notice period. Comments or formal objections must be submitted in writing to the Department of Environmental Quality, Todd Parfitt, Director, 122 West 25th Street, Cheyenne, WY 82002. Formal objections must be accompanied by a statement of the facts upon which the objection is based. If substantial written objections are filed, a contested case hearing will be held by the Environmental Quality Council.

In accordance with Americans With Disabilities Act, special assistance or alternative formats will be made available upon request for individuals with disabilities.

NOTE TO PUBLISHER: This legal notice is provided to you as a requirement of the Wyoming DEQ/SHWD rules and regulations and must be published once per week for two (2) consecutive weeks. This legal notice should not be published unless specifically requested by the applicant identified above. If published, the applicant is solely responsible for all costs which are incurred.

PUBLIC NOTICE

In accordance with the provisions of the Wyoming Environmental Quality Act and Chapter 1, Section 1(f) of the Solid Waste Rules and Regulations, Anchor Environmental has submitted a SW Chapter 6 permit application for a new solid waste management facility called the Anchor Environmental Treatment, Transfer and Recycling Facility.

The facility is located in Natrona County just west of the City of Mills, Wyoming. More specifically, this facility is located in Section 2, T33N, R80W 6th PM, Natrona County, Wyoming. The facility provides for the transfer/treatment/recycling of used drilling fluid and sump wastes which have been generated within Wyoming, Colorado, Montana, Idaho, Nebraska, North Dakota and South Dakota. The total volumetric capacity of this facility is estimated to be approximately 84,000 gallons of liquid waste and 8,600 cubic yards of solids.

The Department of Environmental Quality, Solid and Hazardous Waste Division (DEQ) has reviewed the application and determined that it is generally complete and suitable for publication. The DEQ's solid waste rules, in Chapter 1, Section 2 (b)(ii), require that the applicant must provide public notice that a proposed permit has been issued and inform the public that there is an opportunity to file comments on the proposed permit before it is issued in final form. The notice is also required to indicate that the public may file formal written objections to issuance of a final permit. This publication provides notice of those opportunities.

Copies of the permit application, the DEQ's reviews of the application, and the proposed permit can be viewed at DEQ's Casper office (125 N. Durbin, Suite 100), at the Natrona County Public Library (307 East 2nd St, Casper, WY), or the Natrona County Clerk's Office (200 N. Center St, Casper, WY).

Any interested person has the right to either: provide comments on the proposed permit, which DEQ will consider prior to taking final action on the permit application, or file formal written objections to the proposed permit. The period for providing comments, or filing formal written objections to the proposed permit, shall begin on November 11, 2013 and end on December 18, 2013. Any comments or formal written objections must be received by 5:00 PM on the last day of the notice period. Comments or formal objections must be submitted in writing to the Department of Environmental Quality, Todd Parfitt, Director, 122 West 25th Street, Cheyenne, WY 82002. Formal objections must be accompanied by a statement of the facts upon which the objection is based. If substantial written objections are filed, a contested case hearing will be held by the Environmental Quality Council.

In accordance with Americans With Disabilities Act, special assistance or alternative formats will be made available upon request for individuals with disabilities.

PUBLIC NOTICE

In accordance with the provisions of the Wyoming Environmental Quality Act and Chapter 1, Section 1(f) of the Solid Waste Rules and Regulations, Anchor Environmental has submitted a SW Chapter 6 permit application for a new solid waste management facility called the Anchor Environmental Treatment, Transfer and Recycling Facility.

The facility is located in Natrona County just west of the City of Mills, Wyoming. More specifically, this facility is located in Section 2, T33N, R80W, 6th PM, Natrona County, Wyoming. The facility provides for the transfer/treatment/recycling of used, drilling fluid and slurry wastes which have been generated within Wyoming, Colorado, Montana, Idaho, Nebraska, North Dakota and South Dakota. The total volumetric capacity of this facility is estimated to be approximately 84,000 gallons of liquid waste and 8,600 cubic yards of solids.

The Department of Environmental Quality, Solid and Hazardous Waste Division (DEQ) has reviewed the application and determined that it is generally complete and suitable for publication. The DEQ's solid waste rules, in Chapter 1, Section 2 (b)(ii), require that the applicant must provide public notice that a proposed permit has been issued and inform the public that there is an opportunity to file comments on the proposed permit before it is issued in final form. The notice is

also required to indicate that the public may file formal written objections to issuance of a final permit. This publication provides notice of those opportunities. Copies of the permit application, the DEQ's review of the application, and the proposed permit can be viewed at DEQ's Casper office (125 N. Durbin, Suite 100) at the Natrona County Public Library (307 East 2nd St. Casper, WY) or the Natrona County Clerk's Office (200 N. Center St. Casper, WY).

Any interested person has the right to either provide comments on the proposed permit, which DEQ will consider prior to taking final action on the permit application, or file formal written objections to the proposed permit. The period for providing comments or filing formal written objections to the proposed permit shall begin on November 11, 2013 and end on December 18, 2013. Any comments or formal written objections must be received by 5:00 PM on the last day of the notice period. Comments or formal objections must be submitted in writing to the Department of Environmental Quality, Todd Parrish, Director, 122 West 26th Street, Cheyenne, WY 82002. Formal objections must be accompanied by a statement of the facts upon which the objection is based. If substantial written objections are filed, a contested case hearing will be held by the Environmental Quality Council.

In accordance with Americans With Disabilities Act, special assistance or alternative formats will be made available upon request for individuals with disabilities. Published: November 11 & 19, 2013. Legal No: 873848

AFFIDAVIT OF PERSONAL DELIVERY

I, Candice Osborn, an employee of Inberg-Miller Engineers, MAKE OATH AND SAY THAT:

In accordance with the provisions of the Wyoming Environmental Quality Act and Chapter 1, Section 3(a) of the Solid Waste Rules and Regulations, I have delivered a copy of the Anchor Environmental Soil Treatment, Transfer, & Recycling Facility Permit Application (SHWD File # 50.022) to the Natrona County Public Library, located at 307 East 2nd Street, Casper, WY 82601, and the Natrona County Clerk's Office, located at 200 N. Center Street, Casper, Wyoming 82601. The delivery included instructions to maintain the documents for public review from November 11 through December 18, 2013.
