Subject: TFN 4 1/3 - B&B Aggregates - Large Mine Application

I have just faxed you an objection letter to the above permit application.

I calculate that the public comment period ends after Friday, Feb. 7th. Today we received an objection by fax in Lander from Mr. Tom Riley. He called our office on Tues. the 4th and inquired about the situation. His property is located immediately adjacent to the entrance to the permit area. The faxed letter does not clearly state "objection"; however, I called him after receiving it and his intent was to file an objection.

thanks,
