To whom it may concern,

I am withdrawing my objection to the Mullinax gravel mining permit:
Small Mine Beckton 2 TFN 6 6/236; EQC Docket Number: 17-4805
Located on Beckton Stock Farm lands. The issues with my Lessors have been addressed at a special meeting with Nathan Mullinax at DEQ office. I understand that there will be follow up public comment period and review on additional mining along creek after hydrology is done. I have multiple irrigation interests along Big Goose and want to be assured that there will be no additional loss of water from Big Goose Creek to open pits where Creek goes through Beckton Lands.

Sincerely,

Daniel W. Reinke
