- Re: 1) Supplement to Appeal of Notice of Violation and
Cease and Desist Order Docket No. 723-80 dated
February 5, 1981.
- 2) Request for abatement of Cease and Desist Order

Dear Mr. Keith:

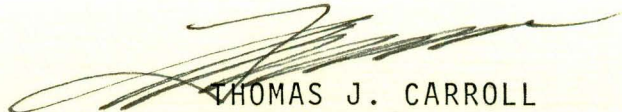

I am the Wyoming counsel for Kings Point Energy, Inc. Attorney George R. Gonzalez of Nemecek, Gonzalez & Linsley, as the attorney for said Kings Point Energy, Inc., did file by letter, dated February 11, 1981, the above referenced Appeal of Notice of Violation and Cease and Desist Order, Doc. 723-80, dated February 5, 1981.

In supplement to said Appeal, I respectfully request you and the Environmental Quality Council to enter an Order of Abatement, abating the said Cease and Desist Order for the reason that the leasehold, which is the subject of the permit #249 is in litigation and because thereof, time does not permit compliance.

The said Appeal, dated February 11, 1981, is hereby incorporated herein by this reference.

Thank you for your consideration.

Sincerely yours,

THOMAS J. CARROLL
Attorney for Kings
Point Energy, Inc.
