Chapter 8, Section 3, Conformity of general federal actions to state implementation plans, is being updated to correct a reference to particulate matter in order to maintain consistency with federally approved language in 40 CFR 93.158(a)(4). Sections being updated to adopt by reference from the Code of Federal Regulations (CFR) include: Chapter 2, Section 12, Chapter 3, Section 9, Chapter 4, Section 6, Chapter 5, Section 4, Chapter 6, Section 14, Chapter 8, Section 10, and Chapter 11, Section 2.

This rulemaking was reviewed by the Air Quality Advisory Board (Board) on September 26, 2017, and the Board recommended that the rules proceed to formal rulemaking before the Environmental Quality Council (EQC). The Division has incorporated the suggested revisions into the rulemaking package as enclosed.

The Division did not receive written comments during the public process.

The Division has reviewed the requirements of section 35-11-202(a) and (b) of the Wyoming Environmental Quality Act and determined this rulemaking to be in procedural compliance with the statute. Finally, the Division has reviewed and responded to the Takings Guidelines and Checklist provided by the Attorney General's Office. The Division is now seeking a review of the proposed rules for statutory authority prior to submitting the rules to the Governor's Office for permission to proceed to formal rulemaking.

Attached, you will find a copy of the draft Notice of Agency Rulemaking, draft Statement of Principal Reasons for Adoption, copies of Chapters 2, 3, 4, 5, 6, 8, and 11 in strike and underline format, and responses to the Attorney General's Takings Checklist. If you have any questions, or need additional information regarding the proposed rules, please do not hesitate to contact me at 307-777-7391 or Amber Potts at 307-777-2489.
