

Department of Environmental Quality

To protect, conserve and enhance the quality of Wyoming's environment for the benefit of current and future generations.

Mark Gordon, Governor

Todd Parfitt, Director

CERIFIED MAIL RETURN RECEIPT REQUESTED # 7017 3040 0000 6069 5794

Mr. John Corra
Wyoming Environmental Quality Council
2300 Capitol Avenue
Hathaway Building 1st, Room 136
Cheyenne, WY 82002

**RE: Bond Forfeiture Recommendation – RDG Oil & Gas, LLC
Limited Mining Operation No. ET1337**

Dear Mr. Corra,

Attached is the required information relating to the failure of RDG Oil & Gas, LLC (Mr. Chris Osborne-Moss, Agent) to reclaim lands affected by mining under Limited Mining Operation (LMO) No. ET1337. RDG Oil & Gas, LLC is no longer licensed to do business in Wyoming.

I have reviewed the supporting information in the attached File Memorandum and have determined that the following performance bond for LMO ET1337 should be forfeited:

\$10,000 Certificate of Deposit, Bond Number 585352, issued by Washington Trust Bank

At this time, in accordance with W.S. § 35-11-421(a), I am seeking approval from the Wyoming Environmental Quality Council (EQC) to make a formal request of the Attorney General to begin bond forfeiture proceedings for the aforementioned bond.

Should you have any questions, please contact Kyle Wendtland, WDEQ/LQD Administrator at (307)777-7655 or kyle.wendtland@wyo.gov.

Sincerely,

Todd Parfitt
Director, WDEQ
