SUBJECT: Request for review of proposed rules for statutory authority

Mr. VanWormer:

The Department of Environmental Quality, Land Quality Division (LQD) is proposing to promulgate revisions to Noncoal Chapter 11, In Situ Mining. The proposed revisions are intended to correct an editing error made during a prior rulemaking, update statutory references, comply with legislative changes, and address WY Attorney General's review comments. The LQD Advisory Board reviewed the rules during meetings held on June 27, 2019 and on August 19, 2021. The Board recommended the rules proceed to formal rulemaking before the Environmental Quality Council. The LQD is seeking a review of the proposed rules for statutory authority prior to submitting the rules to the Governor's Office for permission to proceed to formal rulemaking.

Attached you will find a copy of the draft rules, the takings analysis and a draft memo to the Governor seeking permission to proceed to formal rulemaking. If you have any questions or need additional information regarding the proposed rules please do not hesitate to contact me.
