IN THE MATTER OF THE NOTICE OF)
VIOLATION ISSUED TO:)

City of Casper Public Services)
200 North David)
Casper, Wyoming 82601)

DOCKET NUMBER 4048-07

NOTICE OF VIOLATION AND ORDER

NOTICE IS HEREBY GIVEN THAT:

1. The City of Casper owns and maintains a fire hydrant system at a construction site described as the McMurry Business Park. The construction site is located in Sections 8 and 9, Township 33 North, Range 78 West in Casper, Natrona County, Wyoming.
2. The Wyoming Department of Environmental Quality (DEQ), Water Quality Division (WQD) visited the McMurray Business Park construction site on February 28, 2007. During this site visit DEQ observed that five fire hydrants on the site had been flushed sometime prior to February 28, 2007. This hydrant flushing resulted in the erosion and transport of sediment resulting in the destruction of storm water management practices applied by the contractor and the discharge of sediment laden water to an unnamed tributary of Claude Creek.
3. The City of Casper conducted hydrant flushing activities causing soil erosion and transport of sediment into waters of the state. This discharge of pollution to a water of the state is a violation of W.S. §35-11-301 of the Wyoming Environmental Quality Act.
4. This Notice is being sent to you pursuant to W.S. §35-11-701(c)(i), which requires that in any case of the failure to correct or remedy an alleged violation, the director of the Department of Environmental Quality shall cause a written notice to be issued and served upon the person alleged to be responsible;

ORDER

**BEFORE THE ENVIRONMENTAL QUALITY COUNCIL - STATE OF WYOMING
WHEREFORE IT IS HEREBY ORDERED THAT:**

1. The City of Casper shall require all city employees involved in activities that will or have potential to cause erosion to attend a training session addressing water quality concerns. The City shall cooperate with DEQ in the development and approval of such training to address at a minimum: water quality rules and regulations, storm water best management practices, design of storm water control practices, installation and maintenance of best management practices,
2. The City of Casper shall cease all hydrant flushing activities in areas where such activity may cause erosion until the requirements of section 1 above are completed.

THIS SECTION INTENTIONALLY LEFT BLANK

NOTHING IN THIS NOTICE OF VIOLATION (NOV) AND ORDER shall be interpreted to in any way limit or contravene any other remedy available under the Environmental Quality Act, nor shall this NOV AND ORDER be interpreted as being a condition precedent to any other enforcement action.

Ordered this 27th day of April, 2007.
