**Subject: Medicine Bow Fuel & Power LLC  
Proposed Integrated Gasification and Liquefaction Plant  
(PSD Air Quality Permit Application AP-5873)  
Updated Page to Air Quality Permit Application (AP-5873)**

Dear Mr. Schlichtemeier:

Please find enclosed eight (8) copies of one revision page for the Medicine Bow Fuel & Power PSD Air Quality Permit Application. This revision page reflects an update to Table 4.1 on page 4-1 that I inadvertently omitted in previous revisions. Please replace the pages included in your copies of the December 31, 2007 revised permit application with this page.

I have updated the summary sheet detailing all the changes on a page-by-page basis to reflect this revised page 4-1 and have included a copy with each revision page copy. Also included in this package is one (1) CD-ROM containing an electronic version of the complete, revised permit application. If you need more copies, please let me know.

I apologize for this error and hope this does not cause too much inconvenience. Please contact me via phone at (303) 740-2684 or email to [Katrina\\_Winborn@URSCorp.com](mailto:Katrina_Winborn@URSCorp.com) if you need additional information or copies of the revised application.

Sincerely,

Katrina Winborn, P.E.  
Sr. Air Quality Specialist
