Re: Annual Bond Increase Requirement

Dear Mr. Hargett:

Enclosed is a company status report for your current bond. The value of all bonds for CBM reservoirs is required to increase by three percent each year to account for projected inflation in reclamation cost. Your bond must be increased as shown on the attached status report.

If you have any questions, please contact me at (307) 777-7082 or jessica.wales@wyo.gov.

Sincerely,

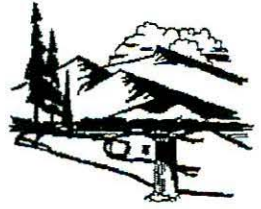

Jessica Wales
WYPDES Bonding/Fees

Re: WYPDES Annual On-Channel Reservoir Bond Increase – **SECOND NOTICE**

Dear Mr. Hargett:

The WYPDES "Implementation Guidance for Reclamation and Bonding of On-Channel Reservoirs that Store Coalbed Natural Gas Produced Water" requires that bonds be escalated by 3% on January 1 of each year.

Invoices for the 3% bond increase were sent on January 2, 2013. Failure to meet the bond increase requirement by August 15, 2013 will result in violation of WYPDES permit reservoir bonding requirements and may result in enforcement action.

If you have questions concerning this invoice or would like subsequent billing directed to another contact within your establishment, please contact Jessica Wales at (307) 777-7082 or jessica.wales@wyo.gov.

Sincerely,

Kevin Wells
WYPDES Program Supervisor
