Memorandum

To: Thomas Coverdale, Chairman, Environmental Quality Council

From: Todd Parfitt, Director, Department of Environmental Quality 

Date: July 25, 2014

Subject: Proposed Rulemaking Package (R23)

The Air Quality Division of the Department of Environmental Quality is proposing revisions to several Chapters of the Wyoming Air Quality Standards and Regulations and is requesting the Environmental Quality Council review the proposal and consider adoption of these rules when you meet on October 8, 2014. The Division issued a notice for public comment on this set of rules when the rules went before the Air Quality Advisory Board on April 22, 2014, with public comment periods running from March 24, 2014 through April 22, 2014, respectively.

We have prepared rule packages for the Council, including the public notices, which summarize the nature of the changes. We do not anticipate controversy over the proposed changes, as most of the changes are updates to be consistent with current federal regulations, thereby allowing the State to retain primacy over the air program.

This rule package contains the following attachments:

- 1) Public Notice for April 22, 2014 (2 copies)
- 3) Statement of Principal Reasons (2 copies)
- 4) April 22, 2014 Advisory Board Meeting Minutes (2 copies)
