Terri A. Laraman, Attorney
Environmental Quality Council**NOTICE OF HEARING
ENVIRONMENTAL QUALITY COUNCIL**

The Town of Sundance has petitioned the Environmental Quality Council for a variance from certain Environmental Quality Act location standards (W.S. 35-11-502(c)), which prohibit the location or construction of a solid waste management disposal facility larger than one acre within one mile of an incorporated city or town, public school or occupied dwelling or within one-half mile of a permitted water well or state or federal highway right-of-way. The variance request applies only to the proposed expansion of the existing Sundance landfill.

The existing Sundance landfill is located in S1/2 NE1/4 and N1/2 SE1/4 of Section 18, T.51N., R.62W., Crook County. The existing landfill has an estimated site life of 28 years. The proposed expansion is directly north of the existing landfill and has an estimated site life of 32 years. The expansion is located less than one half mile from Interstate Highway 90, within one half mile of two permitted water wells, within one mile of occupied dwellings and within one mile of the Sundance town boundary.

The Department of Environmental Quality, Solid and Hazardous Waste Division has reviewed the variance application and recommends that the variance be granted with a condition that the Town Of Sundance plant a vegetative screen along the north boundary of the proposed extension to provide visual screening from Interstate 90. In the event that the vegetative screen does not provide adequate visual screening, the extension boundary will be modified to reduce visual impacts. The Environmental Quality Council must find that the proposed expansion would not threaten to injure public health, safety or welfare and give final approval before the variance can be granted.

Information on the variance can be obtained by contacting the Department of Environmental Quality, Solid and Hazardous Waste Division, 122 West 25th Street, Herschler Building, Cheyenne, WY 82002, (307) 777-7752. Copies of the variance application and Department recommendations are available for review at the above address and the Crook County Clerk's office located at 309 Cleveland Street, Sundance, during normal business hours.

Written comments may be sent to the Department of Environmental Quality at the above address. The Department of Environmental Quality may hold an informal public hearing for additional public comment depending upon the volume of written comments or requests for such a hearing. Comments or requests for a hearing must be received by the Department of Environmental Quality Solid and Hazardous Waste Division by March 10, 1994.

The Wyoming Environmental Quality Council (EQC) will hold a formal contested case hearing on an Application for a Variance filed by the Town of Sundance on April 5, 1994. This hearing will be held at the City Council Chambers Room, 213 Main Street, Sundance, Wyoming at 9:00 am. Other parties may request to participate in the formal hearing before the Council by filing a written request specifying their position and what issue(s) they intend to raise. A request to participate as a party at the formal hearing before the Council must be received by the Office of the Environmental Quality Council, Room 407, Barrett Building, 2301 Central Avenue, Cheyenne, WY, 82002 by March 17, 1994. The hearing before the Council will be conducted as a contested case in accordance with the Wyoming Administrative Procedures Act and the Wyoming DEQ Rules of Practice and Procedure. Further information about this hearing may be obtained by contacting the Council at (307) 777-7170.

NOTICE OF HEARING ENVIRONMENTAL QUALITY COUNCIL

The Town of Sundance has petitioned the Environmental Quality Council for a variance from certain Environmental Quality Act location standards (W.S. 35-11-502(c)), which prohibit the location or construction of a solid waste management disposal facility larger than one acre within one mile of an incorporated city or town, public school or occupied dwelling or within one-half mile of a permitted water well or state or federal highway right-of-way. The variance request applies only to the proposed expansion of the existing Sundance landfill.

The existing Sundance landfill is located in S1/2 NE1/4 and N1/2 SE1/4 of Section 18, T.51N., R.62W., Crook County. The existing landfill has an estimated site life of 28 years. The proposed expansion is directly north of the existing landfill and has an estimated site life of 32 years. The expansion is located less than one half mile from Interstate Highway 90, within one half mile of two permitted water wells, within one mile of occupied dwellings and within one mile of the Sundance town boundary.

The Department of Environmental Quality, Solid and Hazardous Waste Division has reviewed the variance application and recommends that the variance be granted with a condition that the Town Of Sundance plant a vegetative screen along the north boundary of the proposed extension to provide visual screening from Interstate 90. In the event that the vegetative screen does not provide adequate visual screening, the extension boundary will be modified to reduce visual impacts. The Environmental Quality Council must find that the proposed expansion would not threaten to injure public health, safety or welfare and give final approval before the variance can be granted.

Information on the variance can be obtained by contacting the Department of Environmental Quality, Solid and Hazardous Waste Division, 122 West 25th Street, Herschler Building, Cheyenne, WY 82002, (307) 777-7752. Copies of the variance application and Department recommendations are available for review at the above address and the Crook County Clerk's office located at 309 Cleveland Street, Sundance, during normal business hours.

Written comments may be sent to the Department of Environmental Quality at the above address. The Department of Environmental Quality may hold an informal public hearing for additional public comment depending upon the volume of written comments or requests for such a hearing. Comments or requests for a hearing must be received by the Department of Environmental Quality Solid and Hazardous Waste Division by February 21, 1994.

The Wyoming Environmental Quality Council (EQC) will hold a formal contested case hearing on an Application for a Variance filed by the Town of Sundance on April 5, 1994. This hearing will be held at the City Council Chambers Room, 213 Main Street, Sundance, Wyoming. Other parties may request to participate in the formal hearing before the Council by filing a written request specifying their position and what issue(s) they intend to raise. A request to participate as a party at the formal hearing before the Council must be received by the Office of the Environmental Quality Council, Room 407, Barrell Building, 2301 Central Avenue, Cheyenne, WY, 82002 by March 4, 1994. The hearing before the Council will be conducted as a contested case in accordance with the Wyoming Administrative Procedures Act and the Wyoming DEQ Rules of Practice and Procedure. Further information about this hearing may be obtained by contacting the Council at (307) 777-7170.

NOTICE OF HEARING ENVIRONMENTAL QUALITY COUNCIL

The Wyoming Environmental Quality Council (EQC) will hold a hearing on an Application for a Variance filed by the Town of Sundance. This hearing will be held at the City Council Chambers Room, 213 Main Street, Sundance, Wyoming. The hearing will commence at 7:00 p.m.

The Town of Sundance has petitioned the EQC for a variance from the Environmental Quality Act provisions that prohibit the location or construction of a solid waste management disposal facility within the one mile of an incorporated town, one-half mile of permitted water wells, one-half mile of the right-of-way to Interstate 95 and one mile of occupied dwellings. The EQC may grant variances from these statutory requirements. See Section 35-11-502(c) of the Wyoming Statutes.

The Town of Sundance has applied for a permit renewal for its landfill located in S1/2 NE1/4 and N1/2 SE1/4 of Section 18, T.51N., R.62W., Crook County. The existing landfill has an estimated site life of 28 years. The proposed extension is located directly north of the existing landfill and has an estimated site life of 32 years.

The public is invited to attend the hearing and present comments on the proposal for a variance. Written comments on the variance application will be accepted at the Office of the Environmental Quality Council, Room 407, Barrett Building, 2301 Central Avenue, Cheyenne, WY 82002. All written comments must be received at this address by _____. At the conclusion of the hearing, the EQC plans to close the comment period on this application for a variance, and may take final action on the application.

Information on the variance can be obtained by contacting the Department of Environmental Quality, Solid and Hazardous Waste Division, 122 West 25th Street, Herschler Building, Cheyenne, WY 82002, (307) 777-7752. Copies of the variance application are available for review at the above address and the Crook County Clerk's office located at 309 Cleveland Street, Sundance.
