Environmental Quality Council  
Re Docket No. 03-4804

We are writing this letter to inform you that we are dropping our request for a hearing on the concerns that we voiced in a letter dated August 13, 2003. The reason for the change of heart that we have had is that our concerns have been addressed at this point.

Thank you for your concern in arranging the hearing.

Respectfully,

David W. Acton

And in Proxy Margaret T. Swade
