APPEAL OF MODIFIED ORDER

COMES NOW GETTY OIL COMPANY by and through its attorneys Holland & Hart, hereby amends its previous petition pursuant to the Modification of Order issued by the Department of Environmental Quality as follows:

1. Getty has agreed to shut-in the Lake Creek Well No. 23 and to conduct cleanup of the drainage channel located below the discharge point.

2. Getty is also accomplishing the expansion of treatment facilities to handle the flow from the Lake Creek Well No. 23.

3. Based upon the information available to Getty, Getty is not able to determine whether actual violations of the oil and grease limitation have occurred or would continue to occur if the shut-in was not accomplished.
